Re: Surface Water Permit No. S3-30091

Dear Mr. Hanlin:

In response to your request, you are hereby granted an extension to put the water to full beneficial use for the reason(s) below:

According to your request, you will require one additional year to complete your project and put the water to use. This delay has been caused by flooding this spring that has damaged your project. All other construction under your project has reportedly been completed. It appears you have made goals in completing your project and putting water to use. Your request is for a reasonable and short period of time. We will grant you an additional year to complete your project.

The new deadline to submit your Proof of Appropriation of Water is July 1, 2012.
